G-Man - Stephen Hunter - 2018-05-01

"A roaring good read."—FORBES.com Master sniper Bob Lee Swagger returns in this riveting novel by bestselling author and Pulitzer Prize winner Stephen Hunter. The Great Depression was marked by an epidemic of bank robberies and Tommy-gun-toting outlaws who became household names. Hunting them down was the new U.S. Division of Investigation--soon to become the FBI--which was determined to nab the most dangerous gangster this country has ever produced: Baby Face Nelson. To stop him, the Bureau recruited talented gunman Charles Swagger, World War I hero and sheriff of Polk County, Arkansas. Eighty years later, Charles's grandson Bob Lee Swagger uncovers a strongbox containing an array of memorabilia dating back to 1934--a federal lawman's badge, a .45 automatic preserved in cosmoline, a mysterious gun part, and a cryptic diagram--all belonging to Charles Swagger. Bob becomes determined to find out what happened to his grandfather-- and why his own father never spoke of Charles. But as he investigates, Bob learns that someone is following him--and shares his obsession. Told in alternating timeframes, G-Man is a thrilling addition to Stephen Hunter's bestselling Bob Lee Swagger series.

G-Man - Beverly Gage - 2022-11-22

A major new biography of J Edgar Hoover that draws from never-before-seen sources to create a groundbreaking portrait of a colossus who dominated half a century of American history and planted the seeds for much of today's conservative political landscape. We remember him as a bulldog--squat frame, bulging wide-set eyes, fearsome jowls--but in 1924, when he became director of the FBI, he had been the trim, dazzling wunderkind of the administrative state, buzzing with energy and big ideas for reform. He transformed a failing law-enforcement backwater, riddled with scandal, into a modern machine. He believed in the power of the federal government to do great things for the nation and its citizens. He also believed that certain people--many of them communists or racial minorities or both-- did not deserve to be included in that American project. Hoover rose to power and then stayed there, decade after decade, using the tools of state to create a personal fiefdom unrivaled in U.S. history. Beverly Gage's monumental work explores the full sweep of Hoover's life and career, from his birth in 1895 to a modest Washington civil-service family through his death in 1972. In her nuanced and definitive portrait, Gage shows how Hoover was more than a one-dimensional tyrant and schemer who strong-armed the rest of the country into submission. As FBI director from 1924 through his death in 1972, he was a confidant, counselor, and adversary to eight U.S. presidents, four Republicans and four Democrats. Franklin Roosevelt and Lyndon Johnson did the most to empower him, yet his closest friend among the eight was fellow anticommunist warrior Richard Nixon. Hoover was not above blackmail and intimidation, but he also embodied conservative values ranging from anticommunism to white supremacy to a crusading and politicized interpretation of Christianity. This garnered him the admiration of millions of Americans. He stayed in office for so long because many people, from the highest reaches of government down to the

creating the template that the political right has followed to transform its party. G-Man places Hoover back where he once stood in American political history--not at the fringes, but at the center--and uses his story to explain the trajectories of governance, policing, race, ideology, political culture, and federal power as they evolved over the course of the 20th century.

The G-Man Super Journal: Awesome Origins - Chris Giarrusso - 2015-02-17

When Michael G (yes, "G" is his whole last name, and that's why everyone calls him G-Man) has to keep a journal in Mrs. Rosario's class at school, naturally he writes about his ambition to have superpowers and join the superheroes of his city (like Captain Thunderman) in the fight for justice. After all, his friend Billy Demon just got an awesome winged flying suit and superpowers of his own, and now he's the most popular kid in school! Mikey would just love to have superpowers too, but how will he get them? And if he does get them, what will he do with them? "G-Man is funny! Really, really funny! You know how hard it is to make a funny comic? Believe me, plenty hard! I should probably encourage you to buy a copy, but honestly, I don't need the competition." —Jimmy Gownley, author of *Amelia Rules* "Giarrusso has a kid-friendly sarcastic wit which will resonate with readers ages 8 and up." —Snow Wildsmith, *School Library Journal* "G-Man, Chris Giarrusso's awesome all-ages superhero series, is one of the most fun and exciting new properties to come down the pike in ages." —John Hogan, *Graphic Novel Reporter*

Owned by the G-Man - Jayne Blue - 2016-07-13

For Nina Sharpe, everything's about to come to a head. I finally have everything I've always wanted - money, power, and the sexiest clients a call girl could ask for. I love every minute of it. I make no apologies. But now two things threaten to end it all. An old enemy is back and he has the means and motivation to destroy everything I've built. To make matters worse, he wants me dead. And then there's that drop dead sexy FBI agent who's back in my life and keeps looking at me with that smirk I can't resist. But old enemies and old lovers die hard and I've never been the happily ever after type. This is my story and I won't go down without a fight unless well. Book Themes: billionaire romance, law enforcement hero, alpha hero, strong female character, erotic romance series, similar to *Calendar Girl*

Cain McGee, Junior G-Man - Wesley Hall - 2001-01

Cain McGee, Junior G-Man is a biographical fiction comedy about a precocious kid growing up in the wild and woolly River Bend of Seminole County, Oklahoma, during the Dust Bowl and the Great Depression. Elmo Hall tells his own story, how he became a published short story writer at the age of eleven and signed on as a correspondent at the *Konawa Leader* newspaper when he was twelve. At a time when no one he knew had any money, Elmo became a successful salesman of *Grit* newspapers, *Collier's* magazines, *Garrett Snuff*, and *Cloverine Salve*. From the sale of his

S. Mail Order businesses and became the youngest recipient of the Organizer's Award in the history of the BSA. He was the youngest of eleven children, the first in his family to complete *Bugscuffle School* (a first-through-eighth grade, one-room school). His beloved River Bend was a community without telephones and electricity and, consequently, radios and television sets and computers ("The list of what the Bend did not have would have filled a *Sears and Roebuck* catalog"), the most wonderful place in the world for an energetic boy.

FBI Case Files Michigan: Tales of a G-Man - Greg Stejskal - 2021-06-21

Across the Mitten and through the Upper Peninsula, the Wolverine State has witnessed some thrilling and historic federal cases. In Detroit, FBI agents took point investigating the kidnapping (and safe return) of a GM executive's son and in a manhunt for an armed killer in the north woods near Escanaba. The Bureau was called in to discover who poisoned patients at the Ann Arbor Veterans Hospital and for a grisly double homicide solved by a persistent and determined fingerprint examiner. Michigan agents spearheaded the first-ever investigation and prosecution of an Internet threat, and legendary football coach Bo Schembechler inspired an epic international undercover operation targeting the illegal distribution of steroids. Retired Special Agent Greg Stejskal recalls these stories and others from more than thirty years as a G-man in Michigan.

The FBI - Athan G. Theoharis - 1999

"Since its inception in the early 20th century the Federal Bureau of Investigation has emerged as a dominant agency in the American judicial system. Within its 10 chapters, this source provides a comprehensive chronological history of and guide to the FBI that includes information about the facilities, the organizational structure, and biographies of key individuals. This reference source will not only please FBI enthusiasts, but it also serves as an excellent resource for those interested in U.S. history, criminal justices, and American culture. Also included is an extensive chronology of key events, a subject index, and an authoritative bibliography. Numerous photographs throughout the book illustrate the essays, along with graphs and tables. An excellent reference source for all libraries".-- "Outstanding Reference Sources : the 1999 Selection of New Titles", American Libraries, May 1999. Comp. by the Reference Sources Committee, RUSA, ALA.

I, Ripper - Stephen Hunter - 2015-12-29

The electrifying new thriller from New York Times bestselling author Stephen Hunter takes you deep inside the mind of the most notorious serial

slaughtered five prostitutes in London's seamy Whitechapel District. He did not just kill—he ripped with a butcher's glee—and then, after the particularly gruesome slaying of Mary Jane Kelly, he disappeared. For 127 years, Jack has haunted the dark corners of our imagination, the paradigm of the psychotic killer. We remember him not only for his crimes, but because, despite one of the biggest dragnets in London history, he was never caught. *I, Ripper* is a vivid reimagining of Jack's personal story entwined with that of an Irish journalist who covered the case, knew the principals, charted the investigation, and at last, stymied, went off in a bold new direction. These two men stalk each other through a city twisted in fear of the madman's blade, a cat-and-mouse game that brings to life the sounds and smells of the fleshpot tenderloin of Whitechapel and all the lurid acts that fueled the Ripper headlines. Dripping with intrigue, atmosphere, and diabolical twists, this is a magnificent psychological thriller from perennial New York Times bestseller Stephen Hunter, who the San Francisco Examiner calls "one of the best storytellers of his generation."

Joyce and the G-Men - C. Culleton - 2004-07-19

Several years ago on a whim, Culleton requested James Joyce's FBI file. Hoover had Joyce under surveillance as a suspected Communist, and the chain of cross-references that Culleton followed from Joyce's file lead her to obscenity trials and, less obviously, to a plot to assassinate Irish labour leader James Larkin. Hoover devoted a great deal of energy to keeping watch on intellectuals and considered literature to be dangerous on a number of levels. Joyce and the G-Men explores how these linkages are indicative of the culture of the FBI under Hoover, and the resurgence of American anti-intellectualism.

The Director - Paul Letersky - 2021-07-13

"In 1965, at the beginning of the chaos, twenty-two-year old Paul Letersky was assigned to assist the legendary FBI director J. Edgar Hoover who'd just turned seventy and had, by then, led the Bureau for an incredible forty-one years. Hoover was a rare and complex man who walked confidently among the most powerful. His personal privacy was more tightly guarded than the secret "files" he carefully collected--and that were so feared by politicians and celebrities. Through Letersky's close working relationship

society. Everything from racism to pedophilia has been blamed on “toxic loyal senior assistant, Helen Gandy, Paul became one of the few able to enter the Director's secretive--and sometimes perilous--world. Since Hoover's death half a century ago, millions of words have been written about the man and hundreds of hours of TV dramas and A-list Hollywood films produced. But until now, there has been virtually no account from someone who, for a period of years, spent hours with the Director on a daily basis.”--Provided by publisher.

Brooklyn Daily Eagle Almanac - - 1904

The G-man and the Diamond King - William E. Plunkett - 2015

In the summer of 1935, a nasty career criminal by the name of George Barrett shot to death a young FBI agent beside a flower garden in the little town of College Corner, which sat astraddle the state line between Ohio and Indiana. Indeed, when the shooting occurred, Barrett fired from Indiana and the agent fell dead in Ohio. It was only one peculiarity of the case of Barrett vs. J. Edgar Hoover's fledgling agency as it struggled for supremacy over the rampaging criminal elements of the chaotic 1930s. The case made national headlines for a number of reasons: the Cincinnati agent, Nelson Klein, was the first FBI agent to be killed in the line of duty; his killer, Barrett, a one-time Kentucky moonshiner who had killed his own mother, was only the second man tried under a new federal statute that made the murder of a government agent a federal offense and the first to be executed.

Man to Man - LTG (Ret.) William G. Boykin - 2020-04-14

Masculinity in America has never been under attack the way it is today. We have reached the point where the term itself is considered toxic or offensive to many. American men are conflicted as to what their role is in society. The consistent message that has proliferated in our nation is that masculinity, by nature, is bad and is the root cause of many of the problems plaguing our society. Everything from racism to pedophilia has been blamed on “toxic masculinity.” Some colleges and universities are now offering classes on how to overcome or be delivered from this very “threatening” phenomenon called “masculinity.” If men take up biblical mandates ordained by their Creator—no matter their color, nationality, station, upbringing, or education—a new vision can be cast and executed that will restore a civil and prosperous America for all.

Man to Man - LTG (Ret.) William G. Boykin - 2020-04-14

American men are conflicted as to what their role is in society. The consistent message that has proliferated in our nation is that masculinity, by nature, is bad and is the root cause of many of the problems plaguing our

masculinity.” Some colleges and universities are now offering classes on how to overcome or be delivered from this very “threatening” phenomenon called “masculinity.” If men take up biblical mandates ordained by their Creator—no matter their color, nationality, station, upbringing, or education—a new vision can be cast and executed that will restore a civil and prosperous America for all.

Ability 6 - Jarrod A. Freeman - 2022-04-18

Aaron Eden and his beloved girlfriend Beth are enjoying a nice day at the Market until a power plants disrupts the evening the two escape end up at the river enjoying the peace and quiet until a mysterious car goes off the road rams into the two couple sending them into the river that is now radioactive and making them mutated only to be chased and hunted down by other mutants and G Man.

Hatchet Jobs and Hardball - Grant Barrett - 2006-04-21

Here is a wonderful Baedeker to down-and-dirty politics--more than six hundred slang terms straight from the smoke-filled rooms of American political speech. Hatchet Jobs and Hardball: The Oxford Dictionary of American Political Slang illuminates a rich and colorful segment of our language. Readers will find informative entries on slang terms such as Beltway bandit and boondoggle, angry white male and leg treasurer, juice bill and Joe Citizen, banana superpower and the Big Fix. We find not only

poetry, history, science and medicine. Containing a full list of translators lesser-known terms such as cracking (splitting a bloc of like-minded voters by redistricting) and fair-fight district (which refers to areas redistricted to favor no political party). Each entry includes the definition of the word, its historical background, and illuminating citations, some going back more than 200 years. (We learn, for instance, that a term as seemingly current as political football actually dates back to before the Civil War.) Selected entries will have extended encyclopedic notes. The book also features sidebar essays on topics such as political words in Blogistan; a short history of "big cheese"; all about chads and the 2000 election; the suffix "-gate" and all the related Watergate terms; and the naming of legislation. Political junkies, policy wonks, journalists, and word lovers will find this book addictive reading as well as a reliable guide to one of the more colorful corners of American English.

How to Be a Man - Chabuddy G - 2018-11-01

Are men supposed to be fighters? Lovers? Hunter-gatherers? Fashionistas? Business gurus? Culinary experts? You're wrong if you think one man can't be a jack AND a master of all trades.

How to Be a Man - Chabuddy G - 2018-11-01

Are men supposed to be fighters? Lovers? Hunter-gatherers? Fashionistas? Business gurus? Culinary experts? You're wrong if you think one man can't be a jack AND a master of all trades.

A Dictionary of Classical Greek Quotations - Marinos Yeroulanos - 2016-06-30

'Only god is truly wise: human wisdom is of little or no value', declaimed Plato in his Apology. And yet the ancient Greeks, including Plato himself, more than any other people of antiquity were fascinated by the pursuit of the wisdom they called philosophia. That search for knowledge involved an extensive use of maxims and quotations, as we can see from those expressions of Homer prefaced by the phrase 'as people say'. Classical Greek lore and sagacity have throughout history continued to provide inspiration to figures as diverse as the Church Fathers, Shakespeare, Nietzsche, Marx and John F Kennedy. Indeed, Homer, the Seven Sages and the Pre-Socratic philosophers are still extensively quoted in all the major western languages, while the admired sayings of Heraclitus, for instance, are known only through his quotations, his actual writings having long been lost. Yet for all their popularity and ubiquity, until now there has been no single resource for these quotations to which interested readers might turn. This unique and handsome reference book offers one of the most comprehensive selections of Greek quotations ever committed to print. Organised alphabetically, with the original Greek followed by an accompanying English translation, it collects some 7500 entries, ranging from the archaic period to late antiquity, and across philosophy, drama,

and of abbreviations, its index of key words enables the fast and efficient sourcing of each entry. This is a handbook designed for years of pleasurable and profitable browsing. Many readers may find that the views expressed twenty centuries ago, and now helpfully contained between one set of covers, are as pertinent and provocative today as they were then.

Socrates, Pleasure, and Value - George Rudebusch - 2002

The author addresses the question of whether Socrates was a hedonist - that is, if he believed that the good is, at bottom a matter of pleasure.

Socrates, Pleasure, and Value - George Rudebusch - 2002

The author addresses the question of whether Socrates was a hedonist - that is, if he believed that the good is, at bottom a matter of pleasure.

A complete Concordance to the Holy Scriptures of the Old and New Testaments - Alexander Cruden - 1806

A complete Concordance to the Holy Scriptures of the Old and New Testaments - Alexander Cruden - 1806

A Complete Concordance to the Holy Scriptures of the Old and New Testament By Alexander Cruden The Seventh Edition, Revised and Improved Including a Compendium of the Bible By the Author of the Concordance. With a Sketch of His Life and Character, by the Rev. Jabez Bunting. [With a Portrait.] - - 1812

The Manly Art - Keith G. Laufenberg - 2014-05-19

The Manly Art is another collection of writer Keith G. Laufenberg's short stories, only this time with the defining factor being that they all involve the sport of boxing. Having been in the sport himself, beginning at age 17, when he entered Marine Corps boot camp, and ending after seven years, fought as a professional, he is afforded a closer more intimate look into the boxers lives. In "Sonny Liston's Eyes," the reader is taken into the Underworld of the sport when a writer interviews an ex-mobster-who is dying of lung cancer-and claims to have killed Sonny Liston, as well as JFK and Martin Luther King Jr. He tells an incredible story but backs it up by saying he has absolutely verifiable evidence that he will produce for the writer. In "Frankenstein" we see why a young amateur boxer should have picked boxing over football. He has little say in the matter though as his father and uncle have trained him his entire life for football and it, along with the other stories, will keep you glued to the page.

Handbook of Medicinal Mints - Stephen M Beckstrom-Sternberg - 2019-07-23

Interest in herbal medicines, aromatherapy, and other traditional applications of aromatic plants has increased tremendously over the last few years. However, very little "hard data" on the properties and uses of these plants has been available until now. This handbook provides the most complete collection of chemical data available on aromatic mints (Lamiaceae). The authors introduce the new field of study, aromathematics, which involves aromatic compounds and their biological activities. This book contains a wealth of quantitative data, including more than 500 references on 10,839 chemicals from 251 assays of 205 unique taxa, combined with 3,324 biological activities and 256 recommended daily allowances and lethal doses. An exhaustive guide, the handbook is the ultimate resource for assessing the potential medicinal value of a particular species.

Low-dimensional and Symplectic Topology - Georgia) Georgia International Topology Conference (2009 : Athens - 2011

Every eight years since 1961, the University of Georgia has hosted a major international topology conference aimed at disseminating important recent results and bringing together researchers at different stages of their careers. This volume contains the proceedings of the 2009 conference, which includes survey and research articles concerning such areas as knot theory, contact and symplectic topology, 3-manifold theory, geometric group theory, and equivariant topology. Among other highlights of the volume, a survey article by Stefan Friedl and Stefano Vidussi provides an accessible treatment of their important proof of Taubes' conjecture on symplectic structures on the product of a 3-manifold and a circle, and an intriguing short article by Dennis Sullivan opens the door to the use of modern algebraic-topological techniques in the study of finite-dimensional models of famously difficult problems in fluid dynamics. Continuing what has become a tradition, this volume contains a report on a problem session held at the conference, discussing a variety of open problems in geometric topology.
