Fury, Stallion of Broken Wheel Ranch Illustrated by James W. Schucker - Albert G. MILLER - 1959

Fury and the White Mare - Albert G. Miller - 2018-03-07
Alastor, the son of an iron-master, has no inclination to follow his father's trade, preferring to work with wood. He and his musically-talented sister Catrianne leave the foundry to go and live in a town, where Alastor soon begins to specialize in making musical instruments. One day, while delivering an unusual musical instrument to a hamlet high in the mountains, he is thrown by his horse during a storm. Temporarily lame, he is forced to take refuge in a strange cabin in the forest, where the mysterious Melusine lived with her daughter Lucinia. When Alastor returns to the town, he takes Lucinia with him and marries her. They have two children, Handsel and Chanterelle. Everything goes well with the family until disaster strikes, leaving Catrianne in sole charge of the children, obliged to seek shelter first at the iron-master's foundry and then at the cabin in the mountains, where a great many surprises await them regarding their own identity and the peril overhanging the forest and the world of Faerie, which is under threat of extinction. Perhaps something can be saved, and if it can, the key to its salvation might lie, at least in part, in Catrianne's music, Handsel's uniqueness, and Chanterelle's dreams.

The Ballad of the White Horse - G. K. Chesterton - 2015-04-20
The Ballad of the White Horse is a poem by G. K. Chesterton about the idealized exploits of the Saxon King Alfred the Great. Written in ballad form, the work is usually considered one of the last great traditional epic poems ever written in the English language. The poem narrates how Alfred was able to defeat the invading Danes at the Battle of Ethandun under the auspices of God working through the agency of the Virgin Mary. In addition to being

The Gigantic Book of Horse Wisdom - Thomas Meagher - 2007-11-17
Can you recall the first time you rode a horse or galloped down an empty beach? The first time you heard the knowing "neigh" as the saddle shifted on the proud stallion's back? Bring back those wonderful memories with this enormous 800-page anthology. Featuring personal insights from some of the world's foremost equestrian writers, including Anna Sewell, Nicholas Evans, Cormac McCarthy, and others, it will surely pull the heartstrings of serious jockeys and casual riders alike. Traveling from the open plains to the cattle ranches of the beauteous Midwest, from the quiet seclusion of small town America to the clamor of New York, this special volume reminds us of all the little bits of wisdom we can learn from our equestrian friends. Skyhorse Publishing, as well as our Sports Publishing imprint, is proud to publish a broad range of books for readers interested in sports—books about baseball, pro football, college football, pro and college basketball, hockey, or soccer, we have a book about your sport or your team. In addition to books on popular team sports, we also publish books for a wide variety of athletes and sports enthusiasts, including books on running, cycling, horseback riding, swimming, tennis, martial arts, golf, camping, hiking, aviation, boating, and so much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Television Introductions - Vincent Terrace - 2013-11-07
Since the beginning of network television, many shows have been preceded by an opening announcement or a theme song that served various purposes. In Television Introductions: Narrated TV Program Openings, Vincent Terrace has assembled openings for more than 900 television shows of the past seven decades. The only documented history of narrated television program introductions, this volume is arranged by various types of programming, such as comedies, dramas, westerns, game shows, soap operas, and children's shows. In addition to quoting the opening material, entries include information about each show's network history, years of broadcast, and show type. Many entries also include descriptions of the show, the names of announcers, and a list of main cast members. A comprehensive resource for researchers and pop culture aficionados alike, Television Introductions provides a fascinating look at this neglected part of TV history.

Learning How to Feel - Ute Frevert - 2014-07-24
Learning How to Feel explores the ways in which children and adolescents learn not just how to express emotions that are thought to be pre-existing, but actually how to feel. The volume assumes that the embryonic ability to feel unfolds through a complex dialogue with the social and cultural environment and specifically through reading material. The fundamental formation takes place in childhood and youth. A multi-authored historical monograph, Learning How to Feel uses children's literature and advice manuals to access the training practices and learning processes for a wide range of emotions in the modern age, circa 1870-1970. The study takes an international approach, covering a broad array of social, cultural, and political milieus in Britain, Germany, India, Russia, France, Canada, and the United States. Learning How to Feel places multidirectional learning processes at the centre of the discussion, through the concept of practical knowledge. The book innovatively draws a framework for broad historical change during the course of the period. Emotional interaction between adult and child gave way to a focus on emotional interactions among children, while gender categories became less distinct. Children were increasingly taught to take responsibility for their own emotional development, to find 'authenticity' for themselves. In the context of changing social, political, cultural, and gender agendas, the building of nations, subjects and citizens, and the forging of moral and religious values, Learning How to Feel demonstrates how children were provided with emotional learning tools through their reading matter to navigate their emotional lives.

Gardens of the Moon - Steven Erikson - 2004-06-01

Vast legions of gods, mages, humans, dragons and all manner of creatures play out the fate of the Malazan Empire in this first book in a major epic fantasy series The Malazan Empire simmers with discontent, bled dry by interminable warfare, bitter infighting and bloody confrontations with the formidable Anomander Rake and his Tiste Andii, ancient and implacable sorcerers. Even the imperial legions, long inured to the bloodshed, yearn for some respite. Yet Empress Laseen's rule remains absolute, enforced by her dread Claw assassins. For Sergeant Whiskeyjack and his squad of Bridgeburners, and for Tattersail, surviving cadre mage of the Second Legion, the aftermath of the siege of Pale should have been a time to mourn the many dead. But Darujhistan, last of the Free Cities of Genabackis, yet holds out. It is to this ancient citadel that Laseen turns her predatory gaze. However, it would appear that the Empire is not alone in this great game. Sinister, shadowbound forces are gathering as the gods themselves prepare to play their hand Conceived and written on a panoramic scale, Gardens of the Moon is epic fantasy of the highest order--an enthralling adventure by an outstanding new voice. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A Little History of the World - E. H. Gombrich - 2014-10-01

E. H. Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

Goodhouse - Peyton Marshall - 2014-09-30

A bighearted dystopian novel about the corrosive effects of fear and the redemptive power of love. With soaring literary prose and the tense pacing of a thriller, the first-time novelist Peyton Marshall imagines a grim and startling future. At the end of the twenty-first century—in a transformed America—the sons of convicted felons are tested for a set of genetic markers. Boys who test positive become compulsory wards of the state—removed from their homes and raised on "Goodhouse" campuses, where they learn to reform their darkest thoughts and impulses. Goodhouse is a savage place—part prison, part boarding school—and now a radical religious group, the Holy Redeemer's Church of Purity, is intent on destroying each campus and purifying every child with fire. We see all this through the eyes of James, a transfer student who watched as the radicals set fire to his old Goodhouse and killed nearly everyone he'd ever known. In addition to adjusting to a new campus with new rules, James now has to contend with Bethany, a brilliant, medically fragile girl who wants to save him, and with her father, the school's sinister director of medical studies. Soon, however, James realizes that the biggest threat might already be there, inside the fortified walls of Goodhouse itself.Partially based on the true story of the nineteenth-century Preston School of Industry, Goodhouse explores questions of identity and free will—and what it means to test the limits of human endurance.

The Praetorian STARShip : the untold story of the Combat Talon - - 2001

Jerry Thigpen's study on the history of the Combat Talon is the first effort to tell the story of this wonderfully capable machine. This weapons system has performed virtually every imaginable tactical event in the spectrum of conflict and by any measure is the most versatile C-130 derivative ever produced. First modified and sent to Southeast Asia (SEA) in 1966 to replace theater unconventional warfare (UW) assets that were limited in both lift capability and speed the Talon I quickly adapted to theater UW tasking including infiltration and resupply and psychological warfare operations into North Vietnam. After spending four years in SEA and maturing into a highly respected UW weapons system the Joint Chief of Staff (JCS) chose the Combat Talon to lead the night low-level raid on the North Vietnamese prison camp at Son Tay. Despite the outcome of the operation the Talon I cemented its reputation as the weapons system of choice for long-range clandestine operations. In the period following the Vietnam War United States Air Force (USAF) special operations gradually lost its political and financial support which was graphically demonstrated in the failed Desert One mission into Iran. Thanks to congressional supporters like Earl Hutto of Florida and Dan Daniel of Virginia funds for aircraft upgrades and military construction projects materialized to meet the ever-increasing threat to our nation. Under the leadership of such committed hard-driven officers as Brenci Uttaro Ferkes Meller and Thigpen the crew force became the most disciplined in our Air Force. It was capable of penetrating hostile airspace at night in a low-level mountainous environment covertly to execute any number of unconventional warfare missions.

Encyclopedia of Television Shows, 1925 through 2010, 2d ed. - Vincent Terrace - 2014-01-10

This fully updated and expanded edition covers over 10,200 programs, making it the most comprehensive documentation of television programs ever published. In addition to covering the standard network and cable entertainment genres, the book also covers programs generally not covered elsewhere in print (or even online), including Internet series, aired and unaired pilot films, erotic series, gay and lesbian series, risqué cartoons and experimental programs from 1925 through 1945.

Hard to Be a God - Arkady Strugatsky - 2014-06-01

Arkady and Boris Strugatsky are widely known as the greatest Russian writers of science fiction, and their 1964 novel Hard to Be a God is considered one of the greatest of their works. It tells the story of Don Rumata, who is sent from Earth to the medieval kingdom of Arkanar with instructions to observe and to influence, but never to directly interfere. Masquerading as an arrogant nobleman, a dueler and a brawler, Don Rumata is never defeated but can never kill. With his doubt and compassion, and his deep love for a local girl named Kira, Rumata wants to save the kingdom from the machinations of Don Reba, the First Minister to the king. But given his orders, what role can he play? Hard to Be a God has inspired a computer role-playing game and two movies, including Aleksei German's long-awaited swan song. Yet until now the only English version (out of print for over thirty years) was based on a German translation, and was full of errors, infelicities, and misunderstandings. This new edition—translated by Olena Bormashenko, whose translation of the authors' Roadside Picnic has received widespread acclaim, and supplemented with a new foreword by Hari Kunzru and an afterword by Boris Strugatsky, both of which supply much-needed context—reintroduces one of the most profound Soviet-era novels to an eager audience.

The Waves - Virginia Woolf - 1998

One of Woolf's most experimental novels, The Waves presents six characters in monologue - from morning until night, from childhood into old age - against a background of the sea. The result is a glorious chorus of voices that exists not to remark on the passing of events but to celebrate the connection between its various individual parts.

Midaq Alley - Naguib Mahfouz - 2016-06-15

Widely acclaimed as Naguib Mahfouz's best novel, Midaq Alley brings to life one of the hustling, teeming back alleys of Cairo in the 1940s. From Zaita the cripple-maker to Kirsha the hedonistic cafe owner, from Abbas the barber who mistakes greed for love to Hamida who sells her soul to escape the alley, from waiters and widows to politicians, pimps, and poets, the inhabitants of Midaq Alley vividly evoke Egypt's largest city as it teeters on the brink of change. Never has Nobel Prize-winner Mahfouz's talent for rich and luxurious storytelling been more evident than here, in his portrait of one small street as a microcosm of the world on the threshold of modernity.

War and Peace - Leo Tolstoy - 2019-01-16

Hailed as one of the greatest novels of all time and a classic of world literature, War and Peace is a tale of strivers in a world fraught with conflict, social and political change, and spiritual confusion. Tolstoy's magnificent work continues to entertain, enlighten, and inspire readers around the world. Both an intimate study of individual passions and an epic history of Russia and its people, 'War and Peace' is nothing more or less than a complete portrait of human existence. Among its many unforgettable characters is Prince Andrey Bolkonsky, a proud, dashing man who, despising the artifice of high society, joins the army to achieve glory. Badly wounded at Austerlitz, he begins to discover the emptiness of everything to which he has devoted himself. His death scene is considered one of the greatest passages in Russian literature. Terror swiftly engulfs the country as Napoleon's army marches on Russia, and the lives of three young people are changed forever. The stories of quixotic Pierre, cynical Andrey and impetuous Natasha interweave with a huge cast, from aristocrats and peasants, to soldiers and Napoleon himself. In War and Peace (1868-9), Tolstoy entwines grand themes—conflict and love, birth and death, free will and fate.
